

Dear Parents/Guardians,

Safety is always one of our District's top priorities, and CPS is committed to using appropriate procedures to provide a safe environment for all students and staff. One of the ways these procedures are enforced is through the adoption of policies that outline how staff should properly engage with students during the school day.

On June 22, 2022, the Board adopted the Behavioral Interventions, Physical Restraints, Time Outs, and Momentary Physical Intervention for Students Policy which sets requirements, restrictions, and procedures related to the use of physical restraints, isolated time out, time out, and momentary physical intervention in CPS schools.

Specifically, the policy requires that any adult supervising a student in time out or applying a physical restraint complete developmentally appropriate training annually. In November of 2022, the Illinois State Board of Education determined that the District is not in compliance with physical restraint and time out training requirements and, as a result, the District has been actively working with ISBE to address any compliance issues, as outlined in the District's Improvement Plan¹.

I am writing to inform you of the staff member(s) at your child's school that currently meet or are in the process of meeting the above listed training requirements. Our trained staff include:
