WHAT ARE WE LEARNING?

ELA: We have begun Magic Tree House #2 and will compare/contrast the plot of both stories to begin to understand the author's craft to get ready to write our own versions of a Magic Tree House story!

Math: Students solve division problems with number of groups known and number in each group known. They then apply what they know about multiplication and division to solve more complex problems.

Science: Students continue to study different animals and how they are similar and different.

Social Studies: Hispanic Heritage Month

SEL: Bullying Awareness

Art: learning about Grandma Moses and creating memory landscapes.

Music: begin their ukulele study, learning history and parts of the instrument along with basic strum patterns.

Technology: begin to focus on learning how to complete assignments in their Google Classroom and Applied Digital Skills program App and Learn how to code.

P.E.: learning about offensive and defensive strategies

IMPORTANT DATES

10/8: Severe Weather Drill
