Kindergarten Content

Phonics/Reading: In reading, we continue to work on learning letters and sounds: a, g, d, s, e, r, p, & j. Sight words for the month of October include: the, my, see, like, & she/he/we. During small reading groups we will begin to learn beginning reading behaviors. Our new reading unit is titled "Zoology" and students will learn all about animals and their habitats!

Math: In math, we are reinforcing the writing of numbers and counting with one to one correspondence.

Writing: In writing, we continue to work on drawing, labeling, and adding details.

October Celebration News: Halloween

Students are welcome to wear costumes to school on Halloween (Friday, October 30th). Your child can also choose wear pajamas that day instead of a costume.

****Students may bring healthy snacks (no candy); please ask your teacher or request a healthy snack list from the office. ****

Parent Tip of the Month

October is the beginning of jacket season! Please encourage your kindergartner to put on their jackets **by themselves**. Kindergartners should also try to zip or button their jackets independently. They will feel a sense of pride & accomplishment when they can do this on their own! Plus having your child put on their coat by themselves will make it easier for you as a parent/caregiver at home!
